### GENERAL INFORMATION

The 6<sup>th</sup> InnoRail India 2024 Secretariat wishes you every success in your participation in the 6<sup>th</sup> InnoRail India 2024 to make your stay in Lucknow, Uttar Pradesh pleasant you may find the following tips useful.

- 1.1 **Time Difference:** Indian Standard Time (IST) is the same throughout the country and is 5½ hours ahead of GMT.
- 1.2 **Monetary System:** In India, the unit of currency is the Rupee (INR) divided into 100 paise (P). Change money with AUTHORISED MONEY CHANGERS (at the airport, most banks, hotels and certain large shops) and insist on a receipt as it will help you to reconvert unused rupees into the original foreign currency at the time of departure. Avoid people on the street who offer to change your money at a temptingly higher rate of exchange.
- 1.3 **Currency Regulations:** There is no restriction in bringing in any amount of foreign currency, traveler's cheques, etc., and taking out as much as you brought in. However, if you are carrying more than US\$ 10,000 in the form of currency notes, bank notes or traveler's cheques, and/or currency notes alone more than US\$ 5,000 (or equivalent) This should be declared, on arrival, on the Currency Declaration Form (CDF), to be attested by the Customs Officer. **When remitting money to India, indicate the bank, branch, and full address. No Indian currency may be brought into or taken out of the country.**
- 1.4 **Export Regulations:** The visitor can take back all articles brought in by him. In addition, he can take out the following purchased in India; (a) Souvenirs (including Indian Silk, wool, handicrafts, etc.) without any limit; (b) gold jewellery, silverware, and jewellery with precious stones for which if the value is high or the quantity is large an advance RBI permit and export certificate should be obtained from the Customs authorities in advance of travel. In the case of jewellery items, the appraisal of a renowned jewellery could be presented on the basis of which an export certificate may be taken and declared to Customs. There are restrictions on the export of antiques and art objects more than 100 years old. In case of doubt, consult the Director, Antiquities, Archeological Survey of India, Janpath (Tel: +91 11 2301 7443) or Suptdg. Arch ASI, Safdarjung Tomb (Tel: +91 11 2301 7293, 2301 4186). It is advisable to obtain a certificate of proof. Export of most wildlife products is prohibited or strictly regulated.
- 1.5 **Income-Tax Clearance Certificate:** You will need this at the time of departure if your stay in India exceeds 6 months. The certificate is issued by the Foreign Section of the Income Tax Office (ITO), Indraprastha Estate, New Delhi, Tel: +91 11 23379161. Observe the instructions under Currency Regulations and Changing Money (above) to facilitate its issue.

## 2 Lucknow

**Lucknow** 1,400 meters covers an area of 2,528 square kilometers. The population is over approximat 28 million.

**2.1. Climate:** Lucknow has a humid subtropical Climate with cool, dry winters from November to February and dry, hot summers from April to June. The rainy season is from July to mid-September, when the city gets an average rainfall of 896.2 millimeters (35.28) from the south-west monsoon winds, and occasionally frontal rainfall will occur in January. In winter the maximum temperature is around 25°C (77°F) and the minimum is in the 3°C (37°F) to 7°C (45°F) range. Fog is quite common from late December to late January. Summers are extremely hot with temperatures rising into the 40°C (104°F) to 45°C (113°F) range, the average highs being in the high of 30s (degree Celsius).

**2.2. Visa:** The visa must be obtained from the Indian Mission in your Country. Tourist visas are generally valid for 120 days stay in India. If planning to visit a neighbouring country such as Nepal and then re-entering India, a double/multiple entry visa should be obtained. For extending the visa apply for a letter of permission from the Ministry of Home Affairs, North Block, Central Secretariat, New Delhi, (Telephone: +91 11 24693334).

**2.3. Health Regulations:** A valid yellow fever certificate is mandatory for all persons (including infants) who have been, even in transit, in Africa or South America or Papua New Guinea in the last six days. The Certificate becomes valid 10 days after vaccination. India does not require immunisation against smallpox and cholera. A person arriving in India, who is required to possess a Yellow Fever Vaccination Certificate in accordance with these requirements will, IN THE ABSENCE OF A VALID VACCINATION CERTIFICATE BE QUARANTINED FOR A PERIOD OF UPTO SIX DAYS, WITHOUT EXCEPTION.

**2.4. Customs Clearance:** The Duty-Free Allowance for passengers (above 12 years of age) is INR 25,000 for Indian residents or foreigners residing in India if the stay abroad is more than 3 days (INR 4,000 for tourists of foreign origin; nil for tourists of Nepalese or Bhutanese origin coming from their respective countries) for bonafide baggage (i.e. for personal use or giving as gifts). The Allowance is INR 6,000 if the stay abroad is upto 3 days. These include 200 cigarettes (or 50 cigars or 250 gms tobacco) and liquor and wines upto 32 oz (1 litre). You may also bring in articles for your personal use including cameras with 5 rolls of film, a reasonable quantity of jewellery, one pair of binoculars, one portable musical instrument, one radio set, one tape recorder, one portable typewriter, laptop computer, one perambulator and professional equipment, on the undertaking that you will take them back with you when leaving India. The duty rate beyond the free baggage allowance is 61.4 percent. Drugs and narcotics and the import of firearms is prohibited. There are DUTY-FREE shops at the airport both at the Arrival and Departure lounges.

**2.5. Transport:** The city and its suburbs are traversed using its road networks. Lucknow is well connected by Road, Rail and Air with most cities and towns in India except through waterways. The city has better transport infrastructure, though road infrastructures are not well maintained and developed according to the growing needs of transport, making traffic congestion a major problem in the city. Prepaid Taxis are available at the airport. Contact the Pre - Paid Taxi booth at the arrival building.

**2.6. Public Taxi:** This is metered. Ensure that the driver flags down the meter before he starts. Minimum fare is INR 15 - 28.

FIRST TIME EXHIBITOR'S FACT SHEET

- **Please read your Exhibitor Services Manual carefully:** It contains information that will help you save time, money, and needless anxiety.
- **Helpful Reminders about Ordering:** Be sure to order your essential services in advance, including the following: Electrical Service, Water Connection, Advertisement, and Additional Entry in Catalogue, to ensure prompt service. Wherever required, the order should be accompanied by payment. Try not to order on-site. Bring copies of all your advance order forms to the show.
- **Helpful reminders on Shipping:** It is suggested that you ship your exhibits and related material via the official freight forwarders only, to ensure that they arrive in order.

Be sure to remove all old shipping labels before you send anything to the show and attach clean labels, with your company name clearly marked, on each carton/case dispatched.

While making your shipping plans to the show, also plan for shipping after the show is over. Make sure that someone knowledgeable from your company will be onsite to oversee the return shipment of your display and equipment.

- **Common Shipping Mistakes:** Avoid selecting a carrier that does not service trade shows on a regular basis. Unlike other shipments, exhibit material is time sensitive.
  - Old labels on cartons cause confusion.
  - Be clear and specify what type of air freight is desired e.g. overnight, a.m., p.m. second day or deferred service.
  - Not giving clear instructions on how the goods are to be shipped. Not advising your carrier about your target date. Not including accurate description or piece count. Not filling out forms properly.

Please avoid these common shipping mistakes and save yourself time, money, and needless anxiety.

- **On-site:** Set up your booth on time. Try not to change or cancel your orders on site. If you experience any problems on-site, please contact your Hall Director or the Exhibitor Relations Department immediately, for assistance.

- Please remember to return telephone sets and lead capture systems to the concerned supplier within one hour after the show closes.

### 3. EXIT PASS

There is no entry pass procedure during installation period for entering the Exhibition Ground. However, for taking out the Exhibition Material and Exhibits after the closure of the Exhibition, participants would need to obtain a standard final exit pass from the Organiser. The following procedure would be observed.

The Exhibitors should contact their respective Hall Directors for Clearance of Dues, if any, and collect their Exit Pass by using the format given in Section 9.

***Please Note:*** Exit Pass will be given to Exhibitors only on the condition that all dues towards participation in the exhibition are cleared before the fair is over. The copies of Exit Pass will be retained by the Fair Secretariat, Hall Security, Exhibition Ground Authority Personnel at exit Gate and the Exhibitor.

### 4. REMOVAL OF EXHIBITS

Exhibitors will be allowed to remove the exhibits from the stalls after 1800 hrs. on 19<sup>th</sup> November 2024 based on valid "Exit Passes".

All hall utilities will be disconnected at 1815 hrs. and Exhibitors are requested to keep the aisles clear of cartons and crates to enable removal of aisle carpeting. The removal of exhibits must be completed by 2300 hrs. on 30 November 2024. After this, the Organiser will be at liberty to remove and store the goods at other places at the cost and risk of Exhibitors.

### 5. HANDING OVER OF HALLS

As per the arrangements with Ground Authority, the Organiser has to handover all exhibition Ground by 0600 hrs. on Sunday i.e., 1<sup>st</sup> December 2024.

## Design Guidelines

### 1: GENERAL INFORMATION

This document contains several regulations, compliance to which is essential for the setting up of the **6<sup>th</sup> InnoRail 2024**, professionally. Every Exhibitor must study and follow these guidelines carefully. Should you need clarifications or require advice, please contact the **6<sup>th</sup> InnoRail 2024** coordinator who will be happy to help.

Exhibitors are advised to inform their advertising / construction agents regarding these rules and regulations governing stand decoration. Please note the Organiser will not correspond or deal with agents engaged by the Exhibitor.

The Exhibitor while planning stand design must observe the Stand Construction Regulations described in this section.

#### 1. SUBMISSION OF LAYOUT FOR APPROVAL

The Stand drawings along with to-scale mock-ups, complete with details of exhibits, electricity, water, and other installations, in 4 copies, must be submitted for the Organisers approval, latest by **30<sup>th</sup> October 2024**. The exhibitor shall be bound by the changes / modifications advised by the fair architect. In case of non-receipt of stand drawings by **10<sup>th</sup> November 2024**, the Organiser is at liberty to allot the stand to another exhibitor. The Exhibitor is liable to pay for the space rentals in full to the Organiser.

#### 2. ENCROACHMENT

The Exhibitor must confine their exhibits within the area allocated. No encroachment on corridors, free space or other facilities provided by the Organiser will be permitted. Each Exhibitor shall follow the center of the markings on the floor for common sides and outside edge for open sides.

#### 3. ELECTRICAL FITTINGS / FURNITURE ON HIRE

Exhibitors who book space especially for the Shell Scheme are advised to contact the Fair Secretariat for requirements of additional furniture & electrical fittings. All such requirements must be registered by **31<sup>st</sup> October 2024**. The Organiser will make arrangements with concerned stand contractors to deliver additional furniture directly to the Exhibitor's stand area. **All payments must be made directly to the contractor for additional items.**

#### 4. CARE OF BUILDING AND EQUIPMENT

Exhibitors or their contractors must not damage or deface the exhibition facility or the exhibits and equipment of other exhibitors. Should such damage occur, the respective Exhibitor will be liable to compensate the owner of the property so damaged.

Exhibitors are responsible for the cost of making well or replacing any damages to the exhibition premises, whether caused by themselves, their agents, contractors or by any person or persons employed or engaged on their behalf by such agents or contractors.

## **1: GENERAL INFORMATION**

### **5. DEMONSTRATION OF WORKING EXHIBITS**

An Exhibitor intending to demonstrate equipment at his stand must:

- Provide the Organiser with full details in writing of working exhibits involving moving parts, naked flames, and lasers or of other hazards which could be potentially dangerous.
- Consider the safety conditions under which exhibits will be demonstrated, including safety guards and screens to prevent accidents or injury to visitors and staff.
- Cause no annoyance to visitors or other Exhibitors. If a high level of noise or other objectionable factors are involved, the Organiser reserves the right to stipulate demonstration timings or to terminate a demonstration at any time.
- Ensure that no naked flames are used in any demonstration in the exhibition premises.
- Isolate controls and switches so that machinery cannot be accidentally activated.
- In case of dispute, the Organisers ruling will be final.

### **6. DAMAGES**

Exhibitors occupying Shell Scheme Stands will be held responsible for the cost of making good, restoring, or renewing any damages to the shell stand structures, floor coverings, light fittings, or any part thereof, whether caused by themselves, their agents, contractors or by any person or persons employed or engaged on their behalf by such agents or contractors. The cost of making good any damage will be assessed by the Official Shell Scheme Contractor and charged to the Exhibitor.

Exhibitors are responsible for the cost of making well or replacing any damages to the exhibition premises, whether caused by themselves, their agents, contractors or by any person or persons employed or engaged on their behalf by such agents or contractors.

The Organiser, in conjunction with the ground authorities, will inspect the Hangar before build-up and after break-down of the Exhibition.

### **7. FASCIA TEXT for Built Up Space – Deadline**

Exhibitors who have booked Shell Scheme (Built-up) space are requested to send Form No 5 giving the Fascia text for their Stand Fascia latest by 25<sup>th</sup> October 2024. On non-receipt of this form organisers are free to take name as mentioned in application form for fascia.

## Design Guidelines

## 2: GUIDELINES: RAW SPACE

### 1. GENERAL RULES & GUIDELINES FOR DESIGN AND CONSTRUCTION

1.1 All height details mentioned in these guidelines are from the ground level and not from any raised flooring created by the exhibitors.

1.2 Exhibitors are responsible for their own stand design and construction. The Organiser would be pleased to offer advice and guidance if required.

#### 1.3 The following are strictly prohibited:

- Use of electrical flashes, flashguns etc. However, the Fair Architect may allow Neon signs above 2.5 Mtrs height subject to approval.
- Cloth Banners.
- Stage shows or presentations without prior permission in writing from the Organiser & without a concept note on the proposed show.
- Suspending of display items from the Hangar ceiling or parts of it.
- Storage of any kind, behind the display walls.

1.4 The maximum height of the artificial floor should not exceed 10 cm / 4" and any other area raised artificially or for display purposes shall be such that it does not obstruct the adjoining stand.

1.5 The maximum height of any stand should not exceed 2.5mtrs unless approved by the Fair Architect. The following table would give a clear guideline on the permissible heights for branding.

**Area Booked / Branding Heights in meters (Maximum)**  
*Subject to availability*

Area (Sqmt.)	Maximum Height (Mtrs.)
12 -29	3.0
30-60	3.5
61-100	4.0
101-130	4.5
131 & above	5.0

Branding should be done, as per the above chart, in centre of the stand / pavilion and are subject to approval from the Fair Architect. All heights are from the natural floor only and should not obstruct the view /orientation of any other stand. Height of panel against natural back wall along the periphery of the Hangar will be allowed up to 2.5 mtrs if the height is available at the place where the stall is located.

1.6 Height of side partitions will be restricted to 2.5 Mtrs from the ground. If there is any difference in the level of partitions of any two adjacent stands, (not more a 10 cm.) the exhibitor with a bigger height shall finish properly the portion extending above the neighboring stand.

## Design Guidelines

### 2: GUIDELINES: RAW SPACE

- 1.7 Branding on common wall beyond 2 – 5 meters is not allowed. However, supporting elements or fittings used for holding branding / Fascia beyond 2.5 meters height in the centre of a stall, should not exceed 12 inches width alongside the common wall.
- 1.9 Height of panel against natural back wall along the periphery of the Hangar will be allowed upto 2.5 mtrs subject to availability of Height. In Hangar where air conditioning vents are installed along on actual walls, exhibitors are advised to keep the back wall below the air conditioning vents or keep the air conditioning vents open through the back wall into the respective stalls.
- 1.10 Access must be given to any Emergency Exit, Fire Exit, Electrical box, Service room etc. falling within the exhibitor's stand area. It is mandatory to leave a minimum opening in the partitions against the natural wall to provide access for electrical fittings etc.
- 1.11 Building of turn- tables/ramps would be permitted after clearance from the Fair Architect. If approved the Height of such a turntable/ ramp must not exceed 1.0 mtrs. Exhibitors wishing to use turn tables/ ramps must clearly show the location in their drawings and obtain positive clearance from the Fair Architect failing which they would not be permitted to erect such turn tables / ramps.
- 1.12 Exhibitors may be permitted to erect a Conference/ Meeting Room within their area alongside the natural wall upto 2.5 Mtrs height. The area of the meeting room may be upto 20% of the total area booked by the exhibitor. The location of the Conference / Meeting room would require specific clearance by the Fair Architect. However, for stands with all sides open, the conference room shall have clear transparent glass/ acrylic without any blinds / curtains above 1.2 Mt. Height.
- 1.13 Mezzanine Construction**
- 1.13a) Mezzanine floor maybe permitted to be constructed inside the stands having an area of above 100 Sq. Mts. subject to payment of additional space rent and on the following conditions: -
- Area of mezzanine floor shall not exceed 20% of the stand area subject to a maximum of 200 Sqms.
  - The railing on the sides of the mezzanine shall be of transparent material in the portion extending beyond 2.5 Mts. Height from the ground level.
  - ***Any stall which is not along the natural wall; mezzanine covering through the solid wall is not allowed and only open mezzanine with railing of maximum one meter height is permissible.***
  - Exhibitor to get a structural engineer to duly certify the stability of the structure of the mezzanine. A copy of the certificate must be enclosed along with the stand layouts for drawing approval submission. The organizers shall not be held responsible for any mishap due to the sub-standard design/workmanship / material used during the construction of the mezzanine. Any substandard construction leading to the collapse of mezzanine / accidents will be penalised and the exhibitor will be blacklisted for future editions.

## Design Guidelines

### 2: GUIDELINES: RAW SPACE

- The construction of the mezzanine shall be permitted only if, in the opinion of the Fair Architect, it is not obstructing the display/ visibility of any adjoining stands.
- The mezzanine floors can be used only as a visitor hospitality lounge. Exhibits / display will not be permitted on the mezzanine floor.
- Offices/cabins with closed walls & ceilings are strictly prohibited on the mezzanine floor. The mezzanine must be an open area only with safety railings on open sides, not exceeding a maximum height of 1m.
- The rear and side walls of the stand adjacent to / facing neighboring stands must not be transparent and must be clean and covered in a uniform neutral color above the height of 2.5 meters.
- Construction of mezzanine floor must be at least 3m away from the boundary of all open sides of the stand, and one meter away from the back wall and common side wall of neighboring stands.
- No branding is allowed on and above the mezzanine floor.
- The approval and use of mezzanine floor area shall be subject to payment of 50% of the basic space rentals of 6<sup>th</sup> InnoRail 2024 for the area used for mezzanine floor.

#### 1.13b) MAXIMUM HEIGHT

- No roofing is allowed on the mezzanine floor and the height of the mezzanine floor itself should be 1.7m only.
- The maximum permissible height below the mezzanine floor is 2.5 meters.
- The maximum permissible height of the stand covered with mezzanine floor cannot exceed 4.2m (i.e. 2.5m + 1.7m). The height of the stand in all other areas not covered by mezzanine floor cannot exceed 2.5m.

#### 1.13c) RAILINGS

- Safety railings must be at least 1m high and consist of a top, middle, and bottom rails.
- Only railing of maximum height of one meter without any branding is allowed in the front and open sides of the stand.
- A strip of at least 0.10m must be mounted along the edge of the mezzanine floor beneath to prevent falling objects.
- Walls adjoining neighboring stands on the mezzanine floor must be sufficiently stable so as to prevent accidental falling of person or objects.

#### Fire Prevention

- Any load bearing elements and fixtures of the mezzanine floor must be of fireproof material.
- The mezzanine floor should be equipped with at least one fire extinguisher.

Mezzanine floor Structural Stability Certificate with technical specifications approved by structural Engineer must be submitted to the 6<sup>th</sup> InnoRail 2024 Secretariat for approval before commencing the construction.

## Design Guidelines

### 2: GUIDELINES: RAW SPACE

**1.14** Covering of Outdoor area beyond the meeting room area (10% of stand area is subject to a maximum of 50 sqms) is not allowed. Exhibitors may cover beyond their conference area only after paying an additional amount of 25% of the space rental for the outdoor area for the entire covered space.

**1.15** It is necessary that panels erected against outer glass walls in the Hangar be properly finished on both sides. Exhibitors failing to do so would be penalised INR 800 per running meter. Covering would be done up to 2.5 mtrs height.

**1.16** All open or unfinished sides of the exhibit space which may appear unsightly must be covered or the Organiser will have them covered at the Exhibitor's sole expenses @ INR 800 per sqm. Any portion of the Exhibit bordering another Exhibitor's space must have the backside of the portions finished and not carry any identification signs or other marks that could detract from the adjoining exhibit.

**1.17 All exhibit floor space must be fully carpeted or covered.**

**1.18** Woodwork is prohibited in the Hangar. Platforms/ Panels and other decorations for the interior must be brought in prefabricated condition. Only assembly and finishing will be allowed in the Hangar. Spray painting inside the Exhibition Hangar is strictly prohibited and any exhibitor doing so shall bear the risk of disconnection of power supply to the stand.

**1.19** For Island / 3 side open stalls it is mandatory for exhibitors to design their stands in such a way that there is no obstruction on any of the open sides. This will ensure free movement and give exhibitors a feeling of openness and transparency. Exhibitors are not allowed to obstruct the view or adversely affect the displays of other exhibitors. For the meeting room, solid Partitions upto 1.2 mtrs and see-through glass / clear acrylic partitions for the balance 1.3 mtr on top may be used. Fair Architect reserves the right to turn down approval for stands with any of the open sides blocked.

**1.20** No solid partitions will be allowed within 3.0 mtrs from the aisle in stands covering an area of 500 sqm and above.

**1.21** A maximum of 70% of Stand area may be used for exhibits and the balance 30% must be left free for circulation. The Exhibitors shall not arrange the display of material in a way that would obstruct the passage area.

**1.22** Natural Pillars falling within stand area may be covered to a height of 3.0 mtrs only. Stands with over 500 sqm area may cover pillars upto a height of 5 / 6 mtrs subject to approval and availability of height.

**1.23** Exhibitors in Hangar shall make sure that the top of the Partitions/ceiling/projections are properly finished as these Hangar cater to the display on the Mezzanine floor as well.

**1.24** Hangar columns, Roof Trusses, Air Conditioning Vents, and all other structures of the Hangar must not be used as support or be subject to load or stress by the stand structure.

## Design Guidelines

## 2: GUIDELINES: RAW SPACE

- 1.25 Exhibits over 2.5mt Height must not be placed on any raised height.**
- 1.26** There is no restriction on height and weight of exhibits on display except imposed by the load bearing capacity of the floor and height of entry doors. The same should be checked with the organiser before finalizing large/heavy exhibits for display.
- 1.27** Any presentation/ demonstration/ exhibit likely to attract groups of 10 or more people must be located towards the centre of the stand and clearly shown on stand drawings. **ELECTRICITY**

***SECTION - 4***

<b>1. ELECTRICAL SUPPLY</b>	<b>34</b>
<b>2. ELECTRICITY CHARGES</b>	<b>35</b>
<b>3. TEMPORARY ELECTRICITY SUPPLY</b>	<b>35</b>

## Electricity

## ELECTRICAL SERVICES

### 1. ELECTRICAL SUPPLIES & INSTALLATIONS

The electric power supply available in India is an under:

Single / 3 Phase	: 230 / 400 volts $\pm 10\%$
Frequency	: 50 cps $\pm 3\%$

CII Fair Electrical Department responsible for supply of power will be entrusted with the authority of regulating and controlling the power supply to the Exhibition Halls and individual stalls. Each stall will be provided with electric power at one or more main points depending on the total load requirement. Exhibitors should use Distribution Boards for feeding power to their machines. Individual isolation switches should be provided for each machine. Exhibitors should use either armoured cables or metal conduits for connecting power supply to machines.

The work for drawing power from main points to machines/exhibits is to be carried out by the exhibitors, at their own cost. Exhibitors may engage the services of their own personnel or authorised electrical contractors for wiring work inside their stall subject to the condition that they are duly licensed to undertake electrical work. Exhibitors are advised to exercise the highest level of safety precautions for electrical wiring and installations. The service charges of electrical contractor are to be borne by the Exhibitors and are payable directly to the contractors.

The Exhibitors should connect power to machines and exhibits as per the requirement given in their application. Connecting power to the Exhibits other than those mentioned in the Electricity requisition **Electricity form** or more than the specified load or the load allotted by the CII Fair Electrical Department will not be permitted.

Exhibitors must install separate and independent switch connections for their machines/exhibits. Alternate connections or throw-over switches are not allowed. In case power is supplied to the stall from two or more main points, Exhibitors must distribute the load as per the capacity of the respective switch boards in consultation with the CII Fair Electrical Department. Exhibitors requiring single-phase power for lighting purposes should carry out necessary wiring from 3 phase outlet through two pole single phase switches if necessary for future distribution. After the electric wiring work is completed, the Exhibitor must obtain a completion report from their Electricians or Contractors engaged by them and file the same with the CII Fair Electrical Department. Actual connected load for the individual machines/exhibits is to be mentioned in the report. Power will be released only after the wiring work is carried out and on receipt of the completion report.

**All the main electric supply points must be kept easily accessible for operation and repairs in the event of emergency. Main electrical supply points should not be concealed or covered.**

Exhibitors are advised to install equipment like voltage stabiliser/UPS equipment for their sophisticated machines/exhibits. If the machines are sensitive to the floor, placement of steel plates underneath is recommended.

## Electricity

# ELECTRICAL SERVICES

## 2. ELECTRICITY CHARGES

Organiser has formulated a flat rate of **US\$ 80 / Rs 4500/KW** for overseas and domestic exhibition respectively of connected load (*single and three phases*) and **US\$ 10 / Rs. 400 per Sqmts.** for the *Built-up stand*, which will be the basis for charging for power and lighting load during the **6<sup>th</sup> InnoRail India 2024**. These rates are subject to revision. It is essential for all exhibitors to give complete details of power requirement and submit to the Organiser in the prescribed Reply Sheet for Power Requisition Form enclosed in this booklet and return the same to Organiser by **31<sup>st</sup> October 2024** or immediately on confirmation of space.

**Under no circumstances will Exhibitors be permitted to reduce their electricity requirement. Request for additional electricity load may be considered, subject to availability.**

## 3. TEMPORARY ELECTRIC SUPPLY

Temporary power supply for erection and testing of machines can be made available from the first day of construction on extra charges @ **Rs. 1000 or US\$ 20 / kW / day**.

<b>3. STAND SECURITY</b>	<b>37</b>

## **On-site Services**

### **1. INSURANCE**

It will be advisable for Exhibitors to take Insurance coverage for the build-up, during and dismantling periods of the fair for the following: a) Machinery, b) Transit and Loading & Unloading of machines, c) Electrical accidents, d) Exhibition personnel e) Third parties (visitors)

The Organiser will not accept liability for any loss or damage to any exhibit, or for injury to Exhibitor personnel at any time. Exhibitors are strongly advised to insure their exhibits against theft, loss or damage, including the risk of fire and to cover themselves against third party liability for visitors to their stands.

### **2. SECURITY**

- Badges supplied by the Fair Secretariat must be worn at all times to gain entry to the exhibition halls.
- Badges may be obtained from the respective Hall Director or from the Organiser's Office. During show days, Exhibitors are allowed to enter one hour prior to the opening of the show each day and will be allowed to remain half an hour after the close of the show. Please check with the Hall Director if additional time is required.
- Hand carried items or any equipment going out of the exhibition hall will require an Exit Pass.

### **3. STAND SECURITY**

Exhibitors should inform the Organiser in case they require security personnel for their booths during set-up and dismantling. Security personnel from the official security agency may be employed.

While the Organiser will maintain general security surveillance at all times throughout the Exhibition, Exhibitors are reminded that goods may be at risk after the show closes on the final day. Please be sure to see that your stand is not left unattended at this time. Particular care should be taken of small portable items, tools and instruments. The exhibitors are advised to hire the security personnel for their stall from the official security agency appointed for the **6<sup>th</sup> InnoRail India 2024**. Details of Official agencies are given in **Annexure 1. (Will furnish shortly)**

<b>6. EXHIBITION GOODS</b>	<b>41</b>
<b>7. APPROVED ON-SITE HANDLING CHARGES</b>	<b>42</b>

## Freight Handling

### 1. IN-HALL FREIGHT HANDLING

To provide adequate security, safety, and protection against damage to the Exhibition Hall and in the interest of an efficient, co-ordinated move-in and move-out of goods, no private trucks, cars, fork-lifts or handling equipment (trolleys, lift jacks, etc.) will be allowed inside any of the Exhibition Halls. All such equipment will be provided and controlled by the Official Freight Forwarders who will take over from other forwarders, at the entrance to the Halls.

### 2. MATERIAL HANDLING AT THE SITE

The Exhibition material can be handled only by the CII approved official agencies, as per the rules. The Organiser has appointed Official Clearing and Forwarding Agents (CFAs) for exhibits and for material handling at the site.

For unloading of goods, cargo handling equipment such as forklifts, mobile cranes and skilled labour will be available at the fair ground, from the official CFAs, on hire. The rates for clearing /forwarding and other services will be settled by the participants with those agents directly, depending upon the quantum of work and kind of job required. The Official CFAs will have their offices at the site during the pre-exhibition period. **Please note that no agency other than the approved agency by CII is allowed to operate for handling / clearing jobs inside the halls earmarked for 6<sup>th</sup> InnoRail India 2024.**

The Official CFAs operate with modern mechanical equipment (*Forklift, Cranes, Pallette Trucks etc.*) and a specialised labour force of international standards. Through their international network, they will provide detailed shipping instructions and offer services to Exhibitors from the point of origin itself. Official Clearing and Forwarding Agents will offer the Exhibitors information and assistance in respect of (i) re-export, (ii) Warehousing, if exhibit is to be retained for further exhibitions etc. It is suggested that Exhibitors discuss their requirements with official agents and enter comprehensive arrangements.

Normally cases / packets will be allowed, if carried in hand by the Exhibitor. However, handling of heavier exhibit cases will have to be entrusted to the approved agencies only. At the time of movement of exhibits, it is suggested that Exhibitors adhere to the programme prepared for the movement of exhibits by approved agencies. In no way will the Organiser be responsible for damages caused to Exhibits while loading/unloading at the site.

### 3. CUSTOMS CLEARANCE AT THE FAIR GROUND

India offers the ATA Carnet as means for clearing exhibition goods. Alternatively, goods can be cleared under simple Embassy Bonds, without financial overheads. Bank Guarantees is a third alternative.

#### **4. TERMS AND CONDITIONS FOR TEMPORARY IMPORT**

Under the Customs Notification No 3/89 dated 09.01.1989, import of Exhibits for **6<sup>th</sup> InnoRail India 2024** will be allowed without payment of Import Duty, Import License or Customs Clearance Permit, provided the Exhibits are re-exported within a period of six months from the date of import or any other period stipulated by the Customs Authority. Please refer to pt. 5.4 of the Fair Facts (General Information) section.

The Exhibitor/Importer will have to furnish following documents to the Customs authority in India:

- Re-export Bond for ITC purpose
- Provisional Duty Bond to the extent of Customs Duty payable on the Machines/equipment at the prevailing rates.
- These bonds are required to be supported by a Bank Guarantee at concessional rates approved by the Collectorate of Customs or the Guarantee of the Embassy of the concerned country. Details of Bank Guarantee rates will be available from the approved C&F Agency. The Exhibitors are advised to contact the approved agencies in this regard.
- India is a Member Country for ATA Carnet. The Indian Customs, therefore, will honour ATA Carnet Documents issued by the other Member Countries keeping aside normal Import Procedure such as taking Bonds and preparation of Bills of Entry etc.
- Sale of Exhibits imported for **6<sup>th</sup> InnoRail India 2024** may be allowed against payment of Customs Duty at prevailing rates as per Import Policy and the Guidelines in force issued by the Reserve Bank of India.
- Official CFAs will provide the Exhibitors up-to-date information on rules and procedures for import of restricted or banned items

#### **5. SALE OF EXHIBITS BY OVERSEAS EXHIBITORS**

**5.1 General Information:** Exhibition goods, imported initially via Embassy Bond, ATA Carnet or Bank Guarantee, can be sold after the exhibition after following the procedure laid down.

The goods remain in the Customs Warehouse till such time as the buyers comply with sale conditions. The sale can be affected within the stipulated six-month period and may be extended at the discretion of Customs. On completion of sale, the Guarantee or ATA CARNET will be cancelled.

##### **5.2 Liberalised Provision:**

- Sale of Exhibits, of items which are freely imported:

The items covered are Capital Goods, Raw materials, Intermediaries, Components, Consumables, Spare parts, Accessories, Instruments and goods other than those covered under the Negative List. Any of these goods, may be imported by any person whether he is an Actual User or not without restrictions.

- *Sale of Exhibits, of items which are on the Negative List.*

## Freight Handling

These may be made against a valid license. For these items, the actual user alone may import such goods unless the Actual User condition is specifically dispensed with, by the Licensing Authority.

**5.3 Simple Procedures:** Following documents to be produced by buyers for Customs clearance of sold exhibits:

Bank attested invoices drawn on buyer  
Packing List  
Confirmation of order from Exhibitor  
Mode of Payment  
Technical write-up of solid items  
Printed catalogue of items sold, if available  
Buyer's importer Code No.

Buyer's GATT and Customs Declaration License if item under Negative List.

The buyer, based on the above documents, and through a Customs Clearing Agent, should submit the necessary Bill of Entry for clearance of Goods. Upon completion of Sale Clearance and Payment of Customs Duty, the buyer can take custody of Exhibits. Upon producing proper and valid documents, the sale procedure can be affected within two to five days.

## 6. EXHIBITION GOODS

**6.1 Connections to India:** All major Airlines have connections to New Delhi.

There are regular freighter services with enough spare capacity.

All major shipping lines touch Mumbai, offering both FCL and LCL facilities.

Alternatives are also available at Chennai and Calcutta Ports.

Modern handling facilities are available at Airports and Ports.

**6.2 Connections to the Fair Grounds:** On arrival at the New Delhi Airport, Exhibits are transferred by road to the Fair Grounds under bond. On arrival at Mumbai / Kolkata / Chennai Ports, Exhibits are transferred by rail or road directly to Delhi, again under bond. Transfer time is approximately four to six days by road.

**6.3 Post Exhibition:** Goods can be sold after the exhibition to buyers complying with regular import procedures. Goods may be taken for other private demonstrations, subject to permission from Customs. Consumables like printed matter, literature, pamphlets etc. attract no duty. If not being sold or kept for further demonstrations, goods to be re-exported within the stipulated period. The mode of transport for re-export need not be the same as that of import.

## Freight Handling

### 7. APPROVED ON-SITE HANDLING CHARGES
